HamptonsAir
East Quogue, NY

Gentlemen:

I am writing to thank you and compliment you on the recent work you performed on the HVAC system in my home.

The issue required thinking through a complex problem and devising a solution. Your determination and ability in this regard was admirable.

I feel confident that whatever service I may need in the future, your company will be able to provide it. I look forward to a continuing relationship and wish you great success in your business.

DANIEL GALLAGHER
